

Solenoid valves dual voltage/dual frequency coils

Delivering **flexibility** and **convenience**

Robust
solution for you
and your customers

Danfoss EVR 2 solenoid valves equipped with the new UL-certified **BT junction box and BU conduit boss** solenoid valve coils can operate at either 110–120V, or 208–240V to provide greater flexibility for OEMs and a reduced need of on-hand stock for contractors.
